

ALK Positive UK

Supporting Patients and their Families

Supporting Patients with ALK-Positive Lung Cancer

ALK Positive UK is a registered charity established by patients and carers. Our purposes are to:

Support

We provide a wide range of support services including a forum where patients and their families can exchange information about their diagnosis and treatment, and where they can give and receive mutual support.

Empower

We are a source of information for patients so that they are better informed about their condition and they are empowered to ensure that their healthcare providers employ best practice.

Advocate

We advocate on behalf of patients to ensure that they receive a high level of care wherever they live in the UK and to promote improved patient outcomes.

Campaign

We campaign for early diagnosis and to raise awareness of lung cancer in non smokers.

We have a private Facebook support group where patients and their close families exchange information and experiences. You will receive a warm welcome.

Stronger Together

We support patients with:

Information

Our website provides a wealth of information and advice about ALK-positive lung cancer.

Wellbeing

A diagnosis of lung cancer is stressful. ALK-positive patients can live for many years and the stress and anxiety doesn't go away. We offer free online life-coaching plus access to advice.

Conference

We hold a national weekend conference where patients can hear from and question ALK-positive experts and meet other patients. The conference is free to UK patients plus one and we pay travelling expenses.

Lunches

Three times a year, we hold subsidised lunches at 12 locations throughout the UK. We believe that it is beneficial for patients and close family to meet others who may live near.

Hardship Fund

We offer grants to patients and their families who are in financial hardship as a result of their diagnosis.

And so much more...

Check out our website at www.alkpositive.org.uk

Stronger Together

Looking forward to hearing from you!
